Software and accounts

To play content from a Mac or PC on Apple TV, you need:

- iTunes 10.5 or later
- An Apple ID to rent movies or purchase TV shows from the iTunes store, and to use Home Sharing to stream content from a Mac or PC
- A Netflix account to stream content. Other accounts may be required for full access to some Internet content.

Setting up Apple TV

Apple TV connects to your TV through an HDMI port that delivers both audio and video. Before you set up Apple TV, look at the ports on the back of your TV to make sure you have the right cables:

- *An HDMI cable:* You can connect Apple TV to an HDTV or home theater receiver that has an HDMI port, using an HDMI cable for both video and audio.
- *An optical digital audio cable (optional):* Use this cable if you want to connect Apple TV to a receiver for audio.

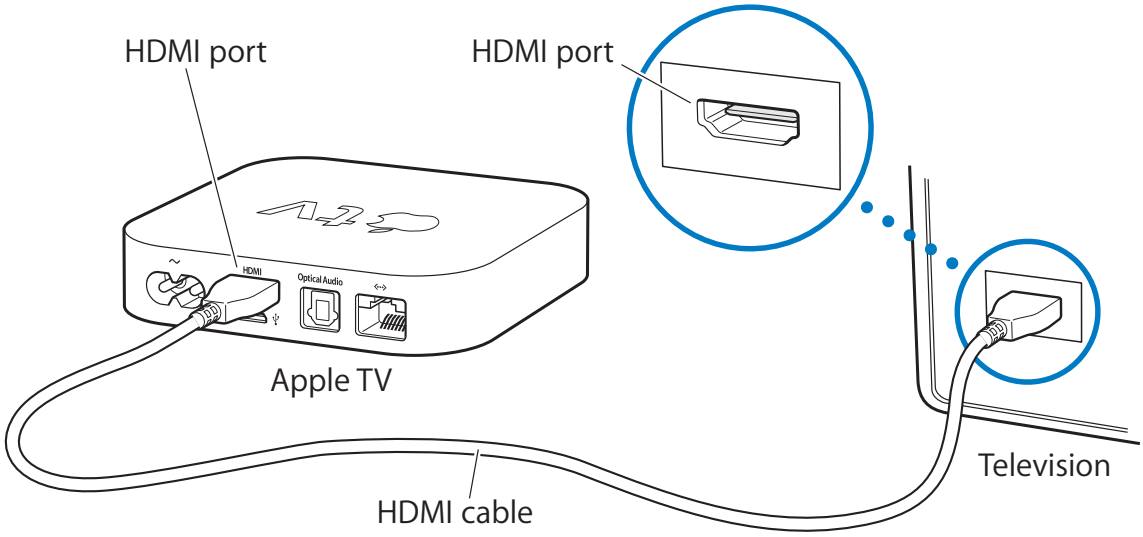
Important: Before you connect Apple TV to a power outlet, carefully read these installation instructions and the safety information in the included *Apple TV Important Product Information Guide*.

Step 1: Connecting the cables

1 Connect one end of the HDMI cable to the back of your TV.

2 Connect the other end of the cable to the HDMI port on the back of Apple TV.

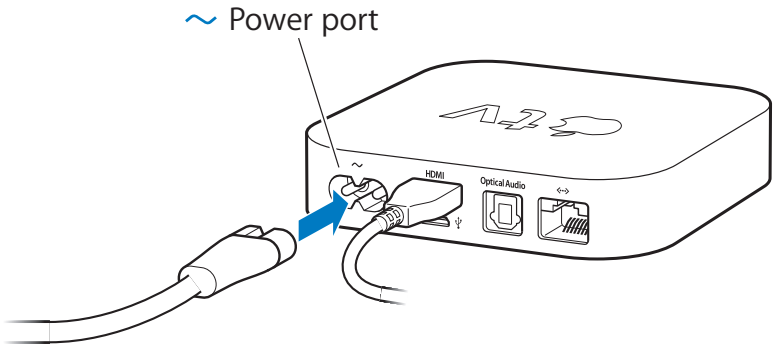
3 If you're using an optical digital audio cable for audio, connect one end of the cable to the audio input port on your receiver or TV, and the other end to the optical digital audio port on the back of Apple TV.



Note: The built-in 802.11 Wi-Fi technology connects Apple TV to your wireless network. If your network is Ethernet-based, connect Apple TV to your network using an Ethernet cable.

Step 2: Connect the power cord

Connect one end of the power cord to the power port on the back of Apple TV and the other end to a power outlet.



Important: Don't place anything on top of Apple TV. Objects placed on top may interfere with the wireless signal. Don't place Apple TV on top of other electronic equipment in a media cabinet.

Step 3: Turn on your TV and select the input

The first time you use Apple TV, it helps you choose a language and select a network. See Chapter 2, "Configure." on page 15.

If you see just a black screen the first time you use Apple TV, make sure the input setting you've selected on your TV matches the input you connected the cables to on your TV or home theater receiver. See Chapter 4, "Problem? No Problem." on page 25, and refer to the documentation that came with your TV for information about its inputs.

Configure.

www.apple.com/support/appletv

Apple TV helps you select and configure your wireless network connection, and connect to iTunes on your computer if you want to watch or listen to the contents of your iTunes library.

Configuring your Apple TV

Have your network name and password (if you use one) and your Apple Remote handy when you configure Apple TV. Make sure there are no obstructions between the remote and Apple TV. For information about using your remote, see Chapter 3, "Watch." on page 19.

If you:

- *Use a wired Ethernet network to connect,* Apple TV automatically detects your network.
- *Use a wireless network to connect,* Apple TV helps you select and configure your network connection.

Connecting to your wireless network

Apple TV helps you connect to your wireless network. If you use a name and password to access your network, have them ready.

Use the Apple Remote to:

1. Select your network from the list, or enter your network name if the network is hidden.
2. Enter your network password (if you use one).

If you don't connect using DHCP, you may need to enter your IP address, subnet mask, router address, and DNS address.

To complete the network connection, follow the onscreen instructions.

Connecting to iTunes

To access the content of your iTunes library on Apple TV, you need iTunes 10.5 or later installed on your computer. For a list of system requirements, see "Software and accounts" on page 10.

Updating your iTunes software

You should update to the latest version of iTunes:

- *On a Mac,* use Software Update to update to the latest version of iTunes. To use Software Update, choose Apple ( ) > Software Update.
- *On a Windows-based computer,* go to iTunes Help to update to the latest version of iTunes. Open iTunes, and then choose Help > Check for Updates.

Setting up Home Sharing

After you set up your network connection, you need to set up iTunes and Apple TV to share the contents of your iTunes library. Use Home Sharing in iTunes and on Apple TV to share the iTunes library of any computer on your local network that has Home Sharing set up.

To set up Home Sharing in iTunes:

1. Open iTunes on your computer.
2. Choose Advanced > Turn On Home Sharing.
3. Enter your Apple ID and password, and then click Create Home Share.
4. Repeat steps 1 through 3 on each computer you want to use for Home Sharing.

For information about iTunes, open iTunes and choose Help > iTunes Help.

To set up Home Sharing on Apple TV:

1. On Apple TV, choose Settings > Computers.
2. Choose Turn On Home Sharing, and then enter the same Apple ID and password you entered on your computer.

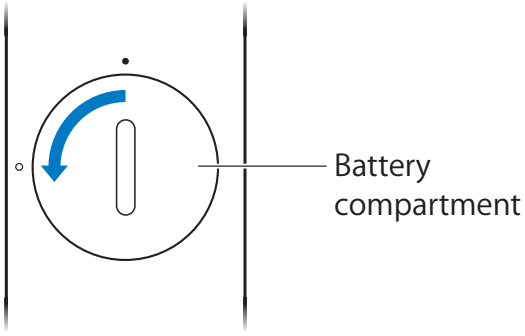
Changing the remote battery

When the battery charge in your Apple Remote is low, Apple TV displays a picture of a remote and a warning symbol (⚠). Replace the battery with a CR2032 battery.



To replace the battery:

1. Use a coin to remove the battery compartment cover.
2. Remove the battery.
3. Insert a CR2032 battery with the positive side (**+**) facing up.

Problem? No Problem.

www.apple.com/support/appletv

Most problems with Apple TV can be solved quickly by following the advice in this chapter. For additional tips and troubleshooting information, see the Apple TV Support page at www.apple.com/support/appletv.

Troubleshooting

If you have a problem with Apple TV, there's usually a quick and simple solution.

First steps

If Apple TV isn't responding, first make sure:

- The cables between Apple TV and your TV are pushed all the way in.
- The power cords for Apple TV and your TV are securely connected to a working power source.
- Your TV is turned on and set to the correct input.
- Apple TV is connected to your network. Choose Settings > General > Network, and see if Apple TV has an IP address.
- Your network and Internet connections are on and working properly.

If you still have trouble, try resetting your equipment by disconnecting Apple TV, your TV, your wireless networking equipment or base station, and your router from the power outlet. Wait 30 seconds, and then reconnect everything.

Status light

The status light on the front of Apple TV indicates what's happening.

If Apple TV is	The status light
On	Glows
Off or in standby	Is off
Starting up	Flashes slowly
Accepting a command from the remote	Flashes once
Rejecting a command from the remote (you paired a remote with Apple TV, but you're using a remote that's not paired)	Flashes three times
Having problems	Flashes quickly

Additional steps

If Apple TV doesn't respond to the previous steps, try the following.

If you can't hear sound

- If Apple TV is connected to a receiver, make sure the receiver is turned on.
- Make sure the input setting you selected on your TV or receiver matches the input your audio cable is connected to. For more information, see the documentation that came with your receiver.
- Make sure the volume on your TV or receiver is turned up and isn't muted.

- Make sure you're using the correct audio cable and that it's connected firmly to Apple TV and to your TV or receiver.
- If you're using the HDMI port for audio, make sure your TV supports audio through its HDMI port. The HDMI ports on some older TVs support only video.

If there's noise coming from your TV speakers

- If your TV or speakers support Dolby Digital audio, make sure the Dolby Digital Out setting is correct for the TV and speakers. On Apple TV, choose Settings > Audio & Video > Dolby Digital, and select On or Off.

If you're having trouble viewing content from your iOS device using AirPlay

- On Apple TV, go to Settings > AirPlay and make sure AirPlay is enabled.
- Make sure your iOS device and Apple TV are on the same Wi-Fi network.
- Make sure your iOS device is running iOS 4.3 or later.
- If you're trying to use AirPlay Mirroring to show the screen of your iOS device on Apple TV, check that your device supports that feature.

If Apple TV isn't playing your photo albums or slideshows

- Make sure you have photos in your photo library or in a folder on your computer.
- Make sure Apple TV and the computer you're using are set up for Home Sharing. See "Connecting to iTunes" on page 17.
- Make sure the photos you want to share are selected. In iTunes, choose Advanced > "Choose Photos to Share," and then select the photos you want to share.

- Make sure Apple TV and your computer are on the same local network.
- Make sure Apple TV and your computer are using the same Home Sharing account.

If you don't see your iTunes library under Computers on Apple TV

- Make sure Apple TV and your computer are on the same local network.
- Make sure Apple TV and iTunes are using the same account name and password.

If the remote isn't working

- Point the remote directly at Apple TV.
- If you paired Apple TV with an Apple Remote, make sure you're using the paired remote.
- If the Apple TV status light flashes once when you press a button on the paired remote, the problem isn't with the remote. See "If you can see a picture but Apple TV isn't responding" on page 31.
- If you're using an unpaired remote, the Apple TV status light flashes three times.
- If you paired Apple TV with an Apple Remote and you can't find the paired remote, set Apple TV to work with any Apple Remote by holding down Menu and Left for 6 seconds on another remote.
- Make sure the front of Apple TV isn't blocked.
- If Apple TV displays a picture of a remote and a warning symbol (⚠), you need to replace the battery in the remote. See "Changing the remote battery" on page 23.

If Apple TV can't access the network

- Check for any obstructions, and adjust the location of the base station or Apple TV.
- If your network has security enabled, make sure you enter the correct password.
- If security is enabled on the network, temporarily disable it on the base station and try connecting again.
- Check the IP address Apple TV is using. If it starts with 169.x.x.x, the router or base station may not be configured properly. Check to see if DHCP access is available, or configure Apple TV with a manual IP address.
- Apple TV cannot connect to a wireless network that contains high (extended) ASCII or double-byte (Unicode) characters (such as Japanese, Korean, or Chinese) in the name or password.

If your TV screen appears fuzzy or black

- Make sure your HDTV supports 720p or 1080p video.
- Make sure you're using the correct HDMI cable and that it's firmly connected to Apple TV and to your TV.
- Make sure the input setting on your TV matches the input port the HDMI cable is connected to. For information, see the documentation that came with your TV.

If you can see a picture but Apple TV isn't responding

- Hold down Menu on the Apple Remote to return to the Apple TV main menu.
- Make sure your TV is turned on and working properly. For information, see the documentation that came with your TV.
- If you paired an Apple Remote with Apple TV, make sure you're using the paired remote. See "Pairing Apple TV with a remote" on page 21.
- Reset Apple TV by doing one of the following:
  - Hold down both Menu and Down on the Apple Remote until the Apple TV status light blinks rapidly.
  - Disconnect Apple TV from the power outlet, wait about five seconds, and then reconnect it.

Resetting all the settings on your Apple TV

You can reset all of the settings on your Apple TV to factory values.

Important: This requires you to reenter all of your network and account information.

To reset all settings:

Choose Settings > General > Reset > Reset All Settings.

Restoring your Apple TV

If Apple TV doesn't respond to any of the previous steps, or if you want to reset Apple TV to its default settings, you can restore your Apple TV software.

To restore Apple TV:

Choose Settings > General > Reset, and then select Restore.

Restoring Apple TV can take some time, so be patient.

If restoring doesn't work or if Apple TV still doesn't respond, you can restore it using iTunes:

To restore Apple TV using iTunes:

- Disconnect the power and HDMI cables from Apple TV and take it to your computer.
- Connect one end of a micro USB cable (sold separately) to the back of Apple TV, and the other end to your computer.
- Connect one end of the Apple TV power cord to the power port on the back of Apple TV and the other end to a power outlet.
- Open iTunes on your computer, select Apple TV in the Source list, and then click Restore.

Care and cleaning

NOTICE: Failure to follow these care and cleaning instructions could result in damage to Apple TV or other property.

Using connectors and ports

Never force a connector into a port. Check for obstructions on the port. If the connector and port don't join with reasonable ease, they probably don't match. Make sure that the connector matches the port and that you have positioned the connector correctly in relation to the port.

Keeping Apple TV within acceptable temperatures

Operate Apple TV in a place where the temperature is always between 0º and 40º C (32º to 104º F).

Keeping the outside of Apple TV clean

To clean Apple TV, unplug the power cord and all cables. Then use a soft, lint-free cloth. Avoid getting moisture in openings. Don't use window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasives to clean Apple TV.

Disposing of Apple TV properly

APPLE TV ("APPLE TV") SOFTWARE LICENSE AGREEMENT

Single Use License

PLEASE READ THIS SOFTWARE LICENSE AGREEMENT ("LICENSE") CAREFULLY BEFORE USING YOUR APPLE TV. BY USING YOUR APPLE TV, YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS LICENSE, UNLESS YOU RETURN THE APPLE TV IN ACCORDANCE WITH APPLE'S RETURN POLICY. IF YOU DO NOT AGREE TO THE TERMS OF THIS LICENSE, DO NOT USE THE APPLE TV. IF YOU DO NOT AGREE TO THE TERMS OF THE LICENSE, YOU MAY RETURN THE APPLE TV WITHIN THE RETURN PERIOD TO THE APPLE STORE OR AUTHORIZED DISTRIBUTOR WHERE YOU OBTAINED IT FOR A REFUND, SUBJECT TO APPLE'S RETURN POLICY FOUND AT http://www.apple.com/legal/sales_policies/.

1. General
(a) The software (including Boot ROM code and other embedded software), documentation, interfaces, content, fonts and any data that came with your Apple TV, whether on disk, in read only memory, on any other media or in any other form (collectively the "Apple Software") are licensed, not sold, to you by Apple Inc. ("Apple") for use only under the terms of this License. Apple and/or Apple's licensor(s) retain ownership of the Apple Software itself and reserve all rights not expressly granted to you.

(b) Apple, at its discretion, may make available future updates to the Apple Software for your Apple TV. The Apple Software updates, if any, may not necessarily include all existing software features or new features that Apple releases for newer or other models of Apple TV. The terms of this License will govern any software upgrades provided by Apple that replace and/or supplement the original Apple Software on your Apple TV, unless such upgrade is accompanied by a separate license in which case the terms of that license will govern.

2. Permitted License Uses and Restrictions
(a) Subject to the terms and conditions of this License, you are granted a limited non-exclusive license to use the Apple Software on a single Apple-branded Apple TV. You agree not to install, use or run the Apple Software on any non-Apple-branded device, or to enable others to do so. This License does not allow the Apple Software to exist on more than one device at a time, and you may not make the Apple Software available over a network where it could be used by multiple devices or multiple computers at the same time. This License does not grant you any rights to use Apple proprietary interfaces and other intellectual property in the design, development, manufacture, licensing or distribution of third party devices and accessories, or third party software applications, for use with the Apple TV.

(b) You may not and you agree not to, or to enable others to, copy (except as expressly permitted by this License), decompile, reverse engineer, disassemble, attempt to derive the source code of, decrypt, modify, or create derivative works of the Apple Software or any services provided by the Apple Software, or any part thereof (except as and only to the extent any foregoing restriction is prohibited by applicable law or to the extent as may be permitted by licensing terms governing use of open-sourced components included with the Apple Software). Any attempt to do so is a violation of the rights of Apple and its licensors of the Apple Software.

(c) The Apple Software may be used to reproduce materials so long as such use is limited to reproduction of non-copyrighted materials, materials in which you own the copyright, or materials you are authorized or legally permitted to reproduce. Title and intellectual property rights in and to any content displayed by or accessed through the Apple Software belongs to the respective content owner. Such content may be protected by copyright or other intellectual property laws and treaties, and may be subject to terms of use of the third party providing such content. This License does not grant you any rights to use such content nor does it guarantee that such content will continue to be available to you.

(d) You agree to use the Apple Software and the Services (as defined in Section 5 below) in compliance with all applicable laws, including local laws of the country or region in which you reside or in which you download or use the Apple Software and Services.

3. Transfer
You may not rent, lease, lend, sell, redistribute or sublicense the Apple Software. You may, however, make a one-time permanent transfer of all of your license rights to the Apple Software to another party in connection with the transfer of ownership of your Apple TV, provided that: (a) the transfer must include your Apple TV and all of the Apple Software, including all its component parts, original media, printed materials and this License; (b) you do not retain any copies of the Apple Software, full or partial, including copies stored on a computer or other storage device; and (c) the party receiving the Apple Software reads and agrees to accept the terms and conditions of this License. All components of the Apple Software are provided as part of a bundle and may not be separated from the bundle and distributed as standalone applications. Apple Software provided with a particular Apple-branded hardware product may not run on other models of Apple-branded hardware.

4. Consent to Use of Data
(a) Diagnostic and Usage Data. If you opt in to diagnostic and usage collection, you agree that Apple and its subsidiaries and agents may collect, maintain, process and use diagnostic, technical, usage and related information, including but not limited to technical information about your Apple TV, computer, system and application software, and peripherals, that is gathered periodically to facilitate the provision of software updates, product support and other services to you (if any) related to the Apple Software, and to verify compliance with the terms of this License. Apple may use this information, as long as it is collected in a form that does not personally identify you, to provide and improve Apple's products and services. To enable Apple's partners and third party developers to improve their software, hardware and services designed for use with Apple products, Apple may also provide any such partner or third party developer with a subset of diagnostic information that is relevant to that partner's or developer's software, hardware and/or services, as long as the diagnostic information is in a form that does not personally identify you.

(b) Location Data. Apple and its partners and licensees may provide certain services through your Apple TV that rely upon location information. To provide and improve these services, where available, Apple and its partners and licensees may transmit, collect, maintain, process and use your location data, including the real-time geographic location of your Apple TV, and location search queries. The location data and queries collected by Apple are collected in a form that does not personally identify you and may be used by Apple and its partners and licensees to provide and improve location-based products and services. **By using any location-based services on your Apple TV, you agree and consent to Apple's and its partners' and licensees' transmission, collection, maintenance, processing and use of your location data and queries to provide and improve such products and services.** You may withdraw this consent at any time by disabling the location-based features in the Apple TV. Not using these location features will not impact the non location-based functionality of your Apple TV. When using third party applications or services on the Apple TV that use or provide location data, you are subject to and should review such third party's terms and privacy policy on use of location data by such third party applications or services.

(c) At all times your information will be treated in accordance with Apple's Privacy Policy, which is incorporated by reference into this License and can be viewed at: www.apple.com/legal/privacy/.

5. Services and Third Party Materials
(a) The Apple Software may enable access to Apple's iTunes Store and other Apple and third party services and content (collectively and individually, "Services"). Use of these Services requires Internet access and use of certain Services may require an Apple ID, require you to accept additional terms and conditions, and may be subject to additional fees. By using this software in connection with an iTunes Store account, you agree to the latest iTunes Store Terms and Conditions, which you may access and review at: http://www.apple.com/legal/itunes/ww/.

(b) Your use of the iCloud services is subject to the following additional terms: iCloud Terms and Conditions available at http://www.apple.com/legal/icloud/ww/ and Apple's Privacy Policy available at http://www.apple.com/privacy.

(c) You understand that by using any of the Services, you may encounter content that may be deemed offensive, indecent, or objectionable, which content may or may not be identified as having explicit language, and that the results of any search or entering of a particular URL may automatically and unintentionally generate links or references to objectionable material. Nevertheless, you agree to use the Services at your sole risk and that Apple shall have no liability to you for content that may be found to be offensive, indecent, or objectionable.

(d) Certain Services may display, include or make available content, data, information, applications or materials from third parties ("Third Party Materials") or provide links to certain third party web sites. By using the Services, you acknowledge and agree that Apple is not responsible for examining or evaluating the content, accuracy, completeness, timeliness, validity, copyright compliance, legality, decency, quality or any other aspect of such Third Party Materials or web sites. Apple, its officers, affiliates and subsidiaries do not warrant or endorse and do not assume and will not have any liability or responsibility to you or any other person for any third-party Services, Third Party Materials or web sites, or for any other materials, products, or services of third parties. Third Party Materials and links to other web sites are provided solely as a convenience to you.

(e) You agree that the Services contain proprietary content, information and material that is owned by Apple and/or its licensors, and is protected by applicable intellectual property and other laws, including but not limited to copyright, and that you will not use such proprietary content, information or materials in any way whatsoever except for permitted use of the Services or in any manner that is inconsistent with the terms of this License or that infringes any intellectual property rights of a third party or Apple. No portion of the Services may be reproduced in any form or by any means. You agree not to modify, rent, lease, loan, sell, distribute, or create derivative works based on the Services, in any manner, and you shall not exploit the Services in any unauthorized way whatsoever, including but not limited to, using the Services to transmit any computer viruses, worms, trojan horses or other malware, or by trespass or burdening network capacity. You further agree not to use the Services in any manner to harass, abuse, stalk, threaten, defame or otherwise infringe or violate the rights of any other party, and that Apple is not in any way responsible for any such use by you, nor for any harassing, threatening, defamatory, offensive, infringing or illegal messages or transmissions that you may receive as a result of using any of the Services.

(f) In addition, Services and Third Party Materials that may be accessed, linked to or displayed through the Apple Software are not available in all languages or in all countries. Apple makes no representation that such Services and Materials are appropriate or available for use in any particular location. To the extent you choose to access such Services or Materials, you do so at your own initiative and are responsible for compliance with any applicable laws, including but not limited to applicable local laws. Apple and its licensors reserve the right to change, suspend, remove, or disable access to any Services at any time without notice. In no event will Apple be liable for the removal of or disabling of access to any such Services. Apple may also impose limits on the use of or access to certain Services, in any case and without notice or liability.

6. Termination
This License is effective until terminated. Your rights under this License will terminate automatically or otherwise cease to be effective without notice from Apple if you fail to comply with any term(s) of this License. Upon the termination of this License, you shall cease all use of the Apple Software. Sections 5, 6, 7, 8, 11 and 12 of this License shall survive any such termination.

7. Disclaimer of Warranties
7.1 If you are a customer who is a consumer (someone who uses the Apple Software outside of your trade, business or profession), you may have legal rights in your country of residence which would prohibit the following limitations from applying to you, and where prohibited they will not apply to you. To find out more about rights, you should contact a local consumer advice organization.

7.2 YOU EXPRESSLY ACKNOWLEDGE AND AGREE THAT, TO THE EXTENT PERMITTED BY APPLICABLE LAW, USE OF THE APPLE SOFTWARE AND SERVICES IS AT YOUR SOLE RISK AND THAT THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT IS WITH YOU.

7.3 TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE APPLE SOFTWARE AND SERVICES PERFORMED BY THE APPLE SOFTWARE ARE PROVIDED "AS IS" AND "AS

AVAILABLE", WITH ALL FAULTS AND WITHOUT WARRANTY OF ANY KIND, AND APPLE AND APPLE'S LICENSORS (COLLECTIVELY REFERRED TO AS "APPLE" FOR THE PURPOSES OF SECTIONS 7 AND 8) HEREBY DISCLAIM ALL WARRANTIES AND CONDITIONS WITH RESPECT TO THE APPLE SOFTWARE AND SERVICES, EITHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES AND/OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, ACCURACY, QUIET ENJOYMENT, AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS.

7.4 APPLE DOES NOT WARRANT AGAINST INTERFERENCE WITH YOUR ENJOYMENT OF THE APPLE SOFTWARE AND SERVICES, THAT THE FUNCTIONS CONTAINED IN OR SERVICES PERFORMED BY THE APPLE SOFTWARE WILL MEET YOUR REQUIREMENTS, THAT THE OPERATION OF THE APPLE SOFTWARE AND SERVICES WILL BE UNINTERRUPTED OR ERROR-FREE, THAT ANY SERVICE WILL CONTINUE TO BE MADE AVAILABLE, THAT DEFECTS IN THE APPLE SOFTWARE OR SERVICES WILL BE CORRECTED, OR THAT THE APPLE SOFTWARE WILL BE COMPATIBLE OR WORK WITH ANY THIRD PARTY SOFTWARE, APPLICATIONS OR THIRD PARTY SERVICES. INSTALLATION OF THIS SOFTWARE MAY AFFECT THE USABILITY OF THIRD PARTY SOFTWARE, APPLICATIONS OR THIRD PARTY SERVICES.

7.5 YOU FURTHER ACKNOWLEDGE THAT THE APPLE SOFTWARE AND SERVICES ARE NOT INTENDED OR SUITABLE FOR USE IN SITUATIONS OR ENVIRONMENTS WHERE THE FAILURE OR TIME DELAYS OF, OR ERRORS OR INACCURACIES IN, THE CONTENT, DATA OR INFORMATION PROVIDED BY THE APPLE SOFTWARE OR SERVICES COULD LEAD TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE, INCLUDING WITHOUT LIMITATION THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL, LIFE SUPPORT OR WEAPONS SYSTEMS.

7.6 NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY APPLE OR AN APPLE AUTHORIZED REPRESENTATIVE SHALL CREATE A WARRANTY. SHOULD THE APPLE SOFTWARE OR SERVICES PROVE DEFECTIVE, YOU ASSUME THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES OR LIMITATIONS ON APPLICABLE STATUTORY RIGHTS OF A CONSUMER, SO THE ABOVE EXCLUSION AND LIMITATIONS MAY NOT APPLY TO YOU.

8. Limitation of Liability

TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW, IN NO EVENT SHALL APPLE BE LIABLE FOR PERSONAL INJURY, OR ANY INCIDENTAL, SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF PROFITS, CORRUPTION OR LOSS OF DATA, FAILURE TO TRANSMIT OR RECEIVE ANY DATA, BUSINESS INTERRUPTION OR ANY OTHER COMMERCIAL DAMAGES OR LOSSES, ARISING OUT OF OR RELATED TO YOUR USE OF OR INABILITY TO USE THE APPLE SOFTWARE AND SERVICES, OR ANY THIRD PARTY SOFTWARE OR APPLICATIONS IN CONJUNCTION WITH THE APPLE SOFTWARE, HOWEVER CAUSED, REGARDLESS OF THE THEORY OF LIABILITY (CONTRACT, TORT OR OTHERWISE) AND EVEN IF APPLE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OF LIABILITY FOR PERSONAL INJURY, OR OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS LIMITATION MAY NOT APPLY TO YOU. In no event shall Apple's total liability to you for all damages (other than as may be required by applicable law in cases involving personal injury) exceed the amount of fifty dollars ($50.00). The foregoing limitations will apply even if the above stated remedy fails of its essential purpose.

9. Export Control

You may not use or otherwise export or re-export the Apple Software except as authorized by United States law and the laws of the jurisdiction(s) in which the Apple Software was obtained. In particular, but without limitation, the Apple Software may not be exported or re-exported (a) into any U.S. embargoed countries or (b) to anyone on the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Department of Commerce Denied Person's List or Entity List. Apple One (1) Year Limited Warranty–Mac For Apple Branded Products Only

HOW CONSUMER LAW RELATES TO THIS WARRANTY. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE (OR BY COUNTRY OR PROVINCE). OTHER THAN AS PERMITTED BY LAW, APPLE DOES NOT EXCLUDE, LIMIT OR SUSPEND OTHER RIGHTS YOU MAY HAVE, INCLUDING THOSE THAT MAY ARISE FROM THE NONCONFORMITY OF A SALES CONTRACT. FOR A FULL UNDERSTANDING OF YOUR RIGHTS YOU SHOULD CONSULT THE LAWS OF YOUR COUNTRY, PROVINCE OR STATE.

WARRANTY LIMITATIONS THAT MAY AFFECT CONSUMER LAW. TO THE EXTENT PERMITTED BY LAW, THIS WARRANTY AND THE REMEDIES SET FORTH ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL, WRITTEN, STATUTORY, EXPRESS OR IMPLIED. APPLE DISCLAIMS ALL STATUTORY AND IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS, TO THE EXTENT PERMITTED BY LAW. IN SO FAR AS SUCH WARRANTIES CANNOT BE DISCLAIMED, APPLE LIMITS THE DURATION AND REMEDIES OF SUCH WARRANTIES TO THE DURATION OF THIS EXPRESS WARRANTY AND, AT APPLE'S OPTION, THE REPAIR OR REPLACEMENT SERVICES DESCRIBED BELOW. SOME STATES (COUNTRIES AND PROVINCES) DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY (OR CONDITION) MAY LAST, SO THE LIMITATION DESCRIBED ABOVE MAY NOT APPLY TO YOU.

WHAT IS COVERED BY THIS WARRANTY? Apple warrants the Apple-branded hardware product and accessories contained in the original packaging ("Apple Product") against defects in materials and workmanship when used normally in accordance with Apple's published guidelines for a period of ONE (1) YEAR from the date of original retail purchase by the end-user purchaser ("Warranty Period"). Apple's published guidelines include but are not limited to information contained in technical specifications, user manuals and service communications.

WHAT IS NOT COVERED BY THIS WARRANTY? This warranty does not apply to any non-Apple branded hardware products or any software, even if packaged or sold with Apple hardware. Manufacturers, suppliers, or publishers, other than Apple, may provide their own warranties to you but Apple, in so far as permitted by law, provides their products "AS IS". Software distributed by Apple with or without the Apple brand (including, but not limited to system software) is not covered by this warranty. Please refer to the licensing agreement accompanying the software for details of your rights with respect to its use. Apple does not warrant that the operation of the Apple Product will be uninterrupted or error-free. Apple is not responsible for damage arising from failure to follow instructions relating to the Apple Product's use.

This warranty does not apply: (a) to consumable parts, such as batteries, unless failure has occurred due to a defect in materials or workmanship; (b) to cosmetic damage, including but not limited to scratches, dents and broken plastic on ports; (c) to damage caused by use with another product; (d) to damage caused by accident, abuse, misuse, liquid contact, fire, earthquake or other external cause; (e) to damage caused by operating the Apple Product outside Apple's published guidelines; (f) to damage caused by service (including upgrades and expansions) performed by anyone who is not a representative of Apple or an Apple Authorized Service Provider ("AASP"); (g) to an Apple Product that has been modified to alter functionality or capability without the written permission of Apple; (h) to defects caused by normal wear and tear or otherwise due to the normal aging of the Apple Product, or (i) if any serial number has been removed or defaced from the Apple Product.

YOUR RESPONSIBILITIES. IF YOUR APPLE PRODUCT IS CAPABLE OF STORING SOFTWARE PROGRAMS, DATA AND OTHER INFORMATION, YOU SHOULD MAKE PERIODIC BACKUP COPIES OF THE INFORMATION CONTAINED ON THE STORAGE MEDIA TO PROTECT THE CONTENTS AND AS A PRECAUTION AGAINST POSSIBLE OPERATIONAL FAILURES.

Before receiving warranty service, Apple or its agents may require that you furnish proof of purchase details, respond to questions designed to assist with diagnosing potential issues and follow Apple's procedures for obtaining warranty service. Before submitting your Apple Product for warranty service you should maintain a separate backup copy of the contents of its storage media, remove all personal information that you want to protect and disable all security passwords.

DURING WARRANTY SERVICE IT IS POSSIBLE THAT THE CONTENTS OF THE APPLE PRODUCT'S STORAGE MEDIA WILL BE LOST, REPLACED OR REFORMATTED. IN SUCH AN EVENT APPLE AND ITS AGENTS ARE NOT RESPONSIBLE FOR ANY LOSS OF SOFTWARE PROGRAMS, DATA OR OTHER INFORMATION CONTAINED ON THE STORAGE MEDIA OR ANY OTHER PART OF THE APPLE PRODUCT SERVICED.

Following warranty service your Apple Product or a replacement product will be returned to you as your Apple Product was configured when originally purchased, subject to applicable updates. You will be responsible for reinstalling all other software programs, data and information. Recovery and reinstallation of other software programs, data and information are not covered under this warranty.

WHAT WILL APPLE DO IN THE EVENT THE WARRANTY IS BREACHED? If during the Warranty Period you submit a valid claim to Apple or an AASP, Apple will, at its option, (i) repair the Apple Product using new or previously used parts that are equivalent to new in performance and reliability, (ii) replace the Apple Product with a product that is at least functionally equivalent to the Apple Product and is formed from new and/or previously used parts that are equivalent to new in performance and reliability, or (iii) exchange the Apple Product for a refund of your purchase price.

Apple may request that you replace certain user-installable parts or products. A replacement part or product, including a user-installable part that has been installed in accordance with instructions provided by Apple, assumes the remaining warranty of the Apple Product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is replaced or a refund provided, any replacement item becomes your property and the replaced or refunded item becomes Apple's property.

HOW TO OBTAIN WARRANTY SERVICE? Please access and review the online help resources described below before seeking warranty service. If the Apple Product is still not functioning properly after making use of these resources, please contact an Apple representative or, if applicable, an Apple owned retail store ("Apple Retail") or AASP, using the information provided below. An Apple representative or AASP will help determine whether your Apple Product requires service and, if it does, will inform you how Apple will provide it. Online information with details on obtaining warranty service is provided below.

WARRANTY SERVICE OPTIONS. Apple will provide warranty service through one or more of the following options:

(i) Carry-in service. You may return your Apple Product to an Apple Retail or AASP location offering carry-in service. Service will be performed at the location, or Apple Retail or an AASP may send your Apple Product to an Apple Repair Service ("ARS") location to be serviced. Once you are notified that service is complete, you will promptly retrieve the Apple Product from the Apple Retail or AASP location, or the Apple Product will be sent directly to your location from the ARS location.

(ii) Mail-in service. If Apple determines that your Apple Product is eligible for mail-in service, Apple will send you prepaid waybills and if applicable, packaging material, so that you may ship your Apple Product to an ARS or AASP location in accordance with Apple's instructions. Once service is complete, the ARS or AASP location will return the Apple Product to you. Apple will pay for shipping to and from your location if all instructions are followed.

(iii) Do-it-yourself (DIY) parts service. DIY parts service allows you to service your own Apple Product. If DIY parts service is available in the circumstances, the following process will apply.

(a) Service where Apple requires return of the replaced product or part. Apple may require a credit card authorization as security for the retail price of the replacement product or part and applicable shipping costs. If you are unable to provide credit card authorization, DIY parts service may not be available to you and Apple will offer alternative arrangements for service. Apple will ship a replacement product or part to you with installation instructions, if applicable, and any requirements for the return of the replaced product or part. If you follow the instructions, Apple will cancel the credit card authorization, so you will not be charged for the product or part and shipping to and from your location. If you fail to return the replaced product or part as instructed or return a replaced product or part that is ineligible for service, Apple will charge your credit card for the authorized amount.

(b) Service where Apple does not require return of the replaced product or part. Apple will ship you free of charge a replacement product or part accompanied by instructions on installation, if applicable, and any requirements for the disposal of the replaced product or part.

(c) Apple is not responsible for any labor costs you incur relating to DIY parts service. Should you require further assistance, contact Apple at the telephone number listed below.

Apple reserves the right to change the method by which Apple may provide warranty service to you, and your Apple Product's eligibility to receive a particular method of service. Service will be limited to the options available in the country where service is requested. Service options, parts availability and response times may vary according to country. You may be responsible for shipping and handling charges if the Apple Product cannot be serviced in the country it is in. If you seek service in a country that is not the country of purchase, you will comply with all applicable import and export laws and regulations and be responsible for all custom duties, V.A.T. and other associated taxes and charges. For international service, Apple may repair or replace products and parts with comparable products and parts that comply with local standards.

LIMITATION OF LIABILITY. EXCEPT AS PROVIDED IN THIS WARRANTY AND TO THE MAXIMUM EXTENT PERMITTED BY LAW, APPLE IS NOT RESPONSIBLE FOR DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOSS OF USE; LOSS OF REVENUE; LOSS OF ACTUAL OR ANTICIPATED PROFITS (INCLUDING LOSS OF PROFITS ON CONTRACTS); LOSS OF THE USE OF MONEY; LOSS OF ANTICIPATED SAVINGS; LOSS OF BUSINESS; LOSS OF OPPORTUNITY; LOSS OF GOODWILL; LOSS OF REPUTATION; LOSS OF, DAMAGE TO, COMPROMISE OR CORRUPTION OF DATA; OR ANY INDIRECT OR CONSEQUENTIAL LOSS OR DAMAGE HOWSOEVER CAUSED INCLUDING THE REPLACEMENT OF EQUIPMENT AND PROPERTY, ANY COSTS OF RECOVERING, PROGRAMMING, OR REPRODUCING ANY PROGRAM OR DATA STORED IN OR USED WITH THE APPLE PRODUCT OR ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF INFORMATION STORED IN THE APPLE PRODUCT.

THE FOREGOING LIMITATION SHALL NOT APPLY TO DEATH OR PERSONAL INJURY CLAIMS, OR ANY STATUTORY LIABILITY FOR INTENTIONAL AND GROSS NEGLIGENT ACTS AND/OR OMISSIONS. SOME STATES (COUNTRIES AND PROVINCES) DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.
